YOUR **ROADMAP** *TO* **RADIANT SUCCESS**

STOP 1

SmartFit In-Home Measurement – Does it measure up?

When adding floor heating to your next remodeling project, just follow our philosophy – always begin with accuracy in mind. Schedule and receive an in-home professional, error-free measurement at no cost to you with our SmartFit measuring service.

Free SmartPlan

If you utilize the SmartFit service, then we'll take those measurements and provide you with a FREE SmartPlan™ and a comprehensive quote at no cost to you. You can also provide your own sketch of the area you would like to heat – either over email or fax.

Project Planner

If you already have the right measurements for the room you would like to heat, then jump right into our Project Planner online and start planning your radiant heat project right away. Start your plan online and we'll provide you with a custom installation plan the very next day.

Operating Cost Calculator

Input the size of the area that you would like to heat along with the cost of a KWH in your state and we'll tell you how much it will cost you to heat the room/area.

Heat Loss Calculator

Input details of the room that you would like to heat and find out whether radiant heating can act as a primary heat source for you.

STOP 2

Place Your Order with Same Day Shipping for a "Right on Time" Delivery

After you've planned your radiant heating project, you'll be ready to place your order. Order before 4:00 PM Central Standard Time (U.S./Canada) and we'll ship that day!

Dealer / Installer Locator

Need to find an installer for your floor heating purchase? Go on our website, www.WarmlyYours.com/tools/locator and enter a zip code to find WarmlyYours tried and true expert dealers and installers located nearby.

Industry Leading 24/7 Installation Support

Whether your installer is working on the job or it's one of your "weekend warrior" projects, we're here for you. Call us anytime – day or night – weekday or weekend with any questions or installation challenges. That's our commitment!

YOUR ROADMAP *TO* RADIANT SUCCESS

STOP 3

SmartSet In-Home Thermostat Programming

We believe energy efficiency and savings is a program away. This new service provides you with a screened and approved professional programmer who will come to your home and program your thermostat, onsite - factoring in lifestyle, early-start times, ambient and floor temperature settings, in order to put the energy savings back into your hands.

Lifetime Technical Support

We're not only there for you during your installation, but we are there for you for life! Any future challenge or question you have regarding your radiant heat product, give us a call. We're here for you beginning to end.

Unbeatable No Nonsense™ Warranties

And for your peace of mind, we give you the most comprehensive warranty in the industry, and we guarantee your floor heating roll or cable will be free from defects in material and workmanship. We will cover the cost of the warming roll AND the floor covering material AND labor, in the event of a defect. There is simply no other warranty like it!
