Tahoe 6 Towel Warmer - Hardwired Connection 120 VAC

The compact and economical Tahoe 6 towel warmer from WarmlyYours provides all of the functionality of larger models while taking up significantly less wall space. This wall-mounted model comes with a discrete power switch and a hardwired electrical connection (120 VAC), which means the Tahoe 6 will present a sleek profile when installed.

The 6 evenly spaced bars of this model deliver a heat output of 273 BTUs per hour, which will ensure your towels and bathrobes are warm and dry. The 304-stainless steel construction and highly polished finish make the Tahoe 6 as durable as it is elegant and functional.

This model comes with built-in TempSmart™ overheat protection to prevent the unit's surface temperature from exceeding 149°F (65°C).

Available in:

Polished
Stainless Steel

Dimensions
29.5" W x 26.7" H x 4.3" D
