# FeelsWarm<sup>®</sup> Countertop Heating

Eliminates the cold feel of granite and stone. The countertop heater adheres directly to the underside of the countertop. Ideal for overhangs on bars, islands and peninsulas - anywhere elbows rest.

## Available Sizes

## Product Information

- ✓ Commonly installed underneath granite and stone countertops
- ✓ Increases the surface temperature by up to 25°F
- ✓ Plug into a regular 120V outlet
- ✓ 3 year warranty for heating element, 2 years for controls/accessories
