

Custom Mirror Defogger Request for Quotation Form

Thank you for your interest in custom mirror defoggers from **WarmlyYours Radiant Heating**. Please complete this quote request form with your contact information, voltage selection, shape, and dimensions. Our team will review your request and follow up promptly.

Step 1 — Contact Information

Please complete all fields below.

Name	_____
Company Name <i>(if applicable)</i>	_____
Shipping Address	_____
City, State, ZIP	_____
Phone	_____
Email	_____

☐ Preferred Contact Method: Phone

☐ Preferred Contact Method: Email

Our sales team typically responds within one business day of receiving your completed form.

Step 2 — Select Your Voltage

Choosing the correct voltage is the first and most critical step. Your selection determines the maximum size available and must match the electrical supply at your installation location.

- ☐ 120V — Standard Residential Voltage. Compatible with most North American homes.
- ☐ 240V — Higher Voltage Option. Ideal for larger installations.

i If you are unsure which voltage is available at your installation site, consult a licensed electrician before submitting your quote request.

Step 3 — Select Mirror Shape & Enter Dimensions

Select all shapes that apply and enter the corresponding dimensions. All measurements should reflect the full back surface of the mirror to be heated.

- ☐ Rectangular
- ☐ Circular
- ☐ Oval

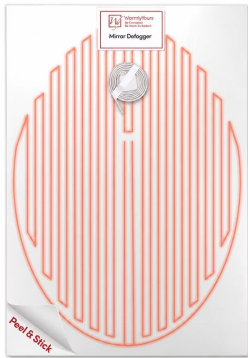

Standard rectangle — requires Length & Width.

Length	
	inches
Width	
	inches

Round mirror — requires Diameter only.

Diameter	
	inches

Oval mirror — requires Length & Width.

Length	
Width	

i **Measure the full back surface of the mirror — not the visible face.** Include any framing or border area that will be covered by the defogger.

Step 4 — Additional Comments & Special Requests

Use this section to communicate any special project requirements, unique mirror configurations, or questions that do not fit within the standard form fields.

Comments / Special Requests:

Check all that apply:

- ☐ Special lead wire placement required
- ☐ Unusual mirror mounting conditions
- ☐ Other (describe above)

Step 5 — Submit Your Request

 **Print & Email**

Print this form, complete it by hand, then scan or photograph it and email to sales@warmlyyours.com.

Lead-Time Reminder: Please allow a minimum of **30 days** from order placement for production and delivery of your custom mirror defogger.

Thank you for your request A member of our sales team will review your submission and reach out to you shortly — typically within one business day.
