

WarmlyYours Indoor Slab Heating Cables and Mats are available in a variety of sizes and voltages to meet your requirements. The following pricing guide has been designed to help you estimate the system expense portion of your slab heating project. Don't forget to add the cost of system installation, electrical hook-up and your choice of controls (see companion price sheet) to finalize your project pricing.

**Slab Heating Cables For indoor installation in Concrete, and in mortar under Pavers.**

Part #	Cable Length (ft/m)	Voltage	Total Watts	AMPS	**Weight (lbs./kg)	MSRP	Unit Price
WSHC-120-00057	57' (17m)	120	330	2.75	4.6 (2.1kg)	\$225.00	\$135.00
