Maui Towel Warmer - Hardwired Connection 120 VAC

The Maui towel warmer from WarmlyYours features an innovative design with an integrated, non-heating storage shelf for extra towels. With its compact design, this model delivers all of the functionality of larger units without taking up unnecessary wall-space.

The hardwired electrical connection for the wall-mounted Maui will provide a streamlined look without visible wires. The 7 heated bars will deliver a heat output of 222 BTUs per hour which will not only warm your towels and bathrobes but also dry them between uses.

The highly polished finish, 304-stainless steel construction, and curved design of the Maui means this towel warmer will instantly fit into any contemporary design motif.

This model comes with built-in TempSmart™ overheat protection to prevent the unit's surface temperature from exceeding 149°F (65°C).

Available in:

Polished
Stainless Steel

Dimensions

20.27" W x 22.44" H x 8.25" D
515 mm W x 559 mm H x 210 mm D
