Dear Potential Customer,

Thank you for the opportunity to provide our material for your upcoming project(s). Attached you will find the applications we specialize in. Our reputation started with our superb indoor floor heating products, and has grown to include a wonderful line of snow melting, roof de-icing, and pipe/tank heat tracing.

As with every WarmlyYours system purchase, you'll find our heating and customer service specialists standing by to help you with all phases of your project. We will be happy to review your quotation and installation plans with you should you have any question, or to oversee and expedite any necessary modifications that you would like to make. A detailed installation drawing will be included with your system order, and may be requested in advance by calling (800) 875-5285.

We greatly value this opportunity to serve you and would welcome any comments that would allow us to provide even higher levels of personalized service on future projects.

Thank you.

WarmlyYours,

Chad Braker (ext.832)
Sales Engineer

P.S. We also offer Towel Warmers, Under Area Rug Warmers, Mirror Defoggers

P.P.S. You can access a wealth of information about our electric heating products and installation techniques by visiting the following WarmlyYours website: www.WarmlyYours.com
