

TempZone™ Cable

WarmlyYours TempZone™ Floor Heating Cable brings radiant warmth and comfort to any room. This free-form cable provides the ultimate in flexibility, making it easy to customize installation for rooms of any size and shape. While ideally suited to provide complete floor heating coverage of rooms with unusual dimensions, the TempZone™ Floor Heating Cable can be used in any room, providing an alternative for installers who prefer the flexibility and freedom of working with loose cable.

WarmlyYours TempZone™ Floor Heating Cable is low EMF by design. It features a twin conductor with a 15' cold lead and is available in two voltage options and a range of lengths to meet the requirements of any installation. This product can be paired with the Prodeso Cable Installation Membrane, also available from WarmlyYours, for faster installation times.
