Frequently, we are asked how we chose the name of our company. When we began as an electric radiant heating products business over 20 years ago, we wanted a name that would embody the very essence of our business philosophy — treat our customers well and offer the very best floor-warming systems and services in the industry. And above all else, always deliver on those promises to our customers.

The name WarmlyYours reflects our deep, personal commitment to providing our customers with the exceptional customer service that they deserve. We welcome any questions and relish the opportunity to provide our customers with prompt and friendly assistance. Listening to feedback from thousands of homeowners and installers, we continue to improve on everything we do in our effort to better serve our customers. As a result, we have expanded our portfolio to include other radiant heating products — such as towel warmers and radiant panels — to bring comfort and affordable luxury to all areas of the home.
WarmlyYours Advantage

WarmlyYours has locations in both the United States and Canada. Throughout North America, our customers recognize our commitment to exceptional service and product quality.

99% of our customers report complete satisfaction with our service

97% of our customers report complete confidence in our product quality

24/7 Installation Support
Call us any time — day or night, weekday or weekend — with any questions or installation challenges. Our technical support team is here to help. That’s our commitment to our customers and their businesses.

Same-Day Shipping
Order before 4:00 p.m. Central time (in the United States and Canada), and we’ll ship that same day so that you can keep your projects moving.

Open Return Policy & No Restocking Fees
Our return policy is simple. If we still sell the product and it’s in resalable condition, you may return it at any time — even years later. We do not have restocking fees for any of our products. We know that life does not always run according to an ideal schedule, and at WarmlyYours, you come first.

The Audrey

Classic beauty and seamless functionality are a lot to ask of any mirror, but the wall-mounted Audrey, from WarmlyYours’ Marquee Series of LED Mirrors, delivers both with effortless poise. This timeless, rectangular model can be installed vertically or horizontally, depending on the needs and aesthetics of your project. Bright, full-spectrum lighting shines through the Audrey’s rectangular frosted inner frame.

- Can be installed vertically or horizontally
- A frosted inner frame warmly diffuses LED light
- 3,024 Lumens, roughly equivalent to a 200-watt incandescent light bulb

The Ingrid

Sometimes, a little goes a long way—nowhere is this more perfectly exemplified than in the Ingrid. This minimalist, rectangular model incorporates two frosted bars which imbue the full-spectrum lighting with a gentle and natural hue. The Ingrid’s elegant design is both visually striking and versatile because it can be installed either horizontally or vertically. Regardless of the season or time of day, this model delivers supplemental LED light that is the same color temperature (5,000 K) as natural daylight.

- Can be installed vertically or horizontally
- A frosted inner frame warmly diffuses LED light
- 1,944 Lumens, roughly equivalent to a 130-watt incandescent light bulb

The Marquee Series of LED Mirrors

The Marilyn

Unique is beautiful—and the Marilyn, from WarmlyYours’ Marquee Series of LED Mirrors, is both. This curvaceous, circular mirror improves any room with vibrant, full-spectrum lighting and an alluring, organic design. The wall-mounted Marilyn features silvered copper-free glass and a 27.5” diameter. Highly efficient supplemental LED light flows through a frosted inner circle, which gives the light a uniquely warm and generous hue.

- Distinctive, circular shape provides a natural focal point for room design
- Frosted inner circle warmly diffuses LED light
- 2,204 Lumens, roughly equivalent to a 150-watt incandescent light bulb

Custom Countertop Heaters

WarmlyYours also offers custom countertop heating solutions for either indoor or outdoor applications.

Like the standard heaters, our custom indoor countertop heaters are designed to adhere directly to the underside of the countertop. These custom-sized mats are ideal for overhangs on bars, islands and peninsulas, or anywhere that elbows rest.

Our outdoor custom countertop heaters are also made-to-spec but must be "sandwiched" between a substrate and the stone countertop itself when installed. This means that the ideal time to incorporate them is when you are building a new outdoor kitchen or bar.
