Frequently, we are asked how we chose the name of our company. When we began as an electric radiant heating products business over 20 years ago, we wanted a name that would embody the very essence of our business philosophy — treat our customers well and offer the very best floor-warming systems and services in the industry. And above all else, always deliver on those promises to our customers.

The name WarmlyYours reflects our deep, personal commitment to providing our customers with the exceptional customer service that they deserve. We welcome any questions and relish the opportunity to provide our customers with prompt and friendly assistance. Listening to feedback from thousands of homeowners and installers, we continue to improve on everything we do in our effort to better serve our customers. As a result, we have expanded our portfolio to include other radiant heating products — such as towel warmers and radiant panels — to bring comfort and affordable luxury to all areas of the home.
WarmlyYours has locations in both the United States and Canada. Throughout North America, our customers recognize our commitment to exceptional service and product quality.

99% of our customers report complete satisfaction with our service

97% of our customers report complete confidence in our product quality

24/7 Installation Support
Call us any time — day or night, weekday or weekend — with any questions or installation challenges. Our technical support team is here to help. That’s our commitment to our customers and their businesses.

Same-Day Shipping
Order before 4:00 p.m. Central time (in the United States and Canada), and we’ll ship that same day so that you can keep your projects moving.

Open Return Policy & No Restocking Fees
Our return policy is simple. If we still sell the product and it’s in resalable condition, you may return it at any time — even years later. We do not have restocking fees for any of our products. We know that life does not always run according to an ideal schedule, and at WarmlyYours, you come first.

The Audrey

Classic beauty and seamless functionality are a lot to ask of any mirror, but the wall-mounted Audrey, from WarmlyYours’ Marquee Series of LED Mirrors, delivers both with effortless poise. This timeless, rectangular model can be installed vertically or horizontally, depending on the needs and aesthetics of your project. Bright, full-spectrum lighting shines through the Audrey’s rectangular frosted inner frame.

- Can be installed vertically or horizontally
- A frosted inner frame warmly diffuses LED light
- 3,024 Lumens, roughly equivalent to a 200-watt incandescent light bulb

Voltage: 120V (hardwired)

Mirror Code: Silvered Glass

Light: LED lifetime: 50,000 hours

Mounting: Wall Mounted

Warranty: 2 Years
The Marquee Series of LED Mirrors

The Ingrid

Sometimes, a little goes a long way—nowhere is this more perfectly exemplified than in the Ingrid. This minimalist, rectangular model incorporates two frosted bars which imbue the full-spectrum lighting with a gentle and natural hue. The Ingrid’s elegant design is both visually striking and versatile because it can be installed either horizontally or vertically. Regardless of the season or time of day, this model delivers supplemental LED light that is the same color temperature (5,000 K) as natural daylight.

- Can be installed vertically or horizontally
- A frosted inner frame warmly diffuses LED light
- 1,944 Lumens, roughly equivalent to a 130-watt incandescent light bulb

Unique is beautiful—and the Marilyn, from WarmlyYours’ Marquee Series of LED Mirrors, is both. This curvaceous, circular mirror improves any room with vibrant, full-spectrum lighting and an alluring, organic design. The wall-mounted Marilyn features silvered copper-free glass and a 27.5” diameter. Highly efficient supplemental LED light flows through a frosted inner circle, which gives the light a uniquely warm and generous hue.

- Distinctive, circular shape provides a natural focal point for room design
- Frosted inner circle warmly diffuses LED light
- 2,204 Lumens, roughly equivalent to a 150-watt incandescent light bulb

### Features

- Voltage: 120V (hardwired)
- Mirror Code: Silvered Glass
- Light: LED lifetime: 50,000 hours
- Mounting: Wall Mounted
- Warranty: 2 Years
The Made-to-Order collection features 11 different base models (including a medicine cabinet option) with different sizes and color temperatures available. These wall-mounted, hardwired mirrors will present an attractive installation without visible wires.

Because these mirrors are Made-to-Order, please allow for between 10 to 15 business days for them to ship.
**Fully Certified Lighting Fixtures**

These mirrors are made in Canada with high-quality, certified components from reputable suppliers. All of the subcomponents are UL/cUL listed and are verifiable. These products are also cQPSus listed according to US and Canadian standards. The mirrors are covered by a 3-year warranty and the LED lights have an estimated lifetime of 80,000 hours.

**Extremely High Color Rendering Index (CRI)**

CRI is a measurement that indicates how faithfully a light source will make an item’s color appear when compared to an ideal light source. The CRI scale ranges from 1 to 100, with 100 representing the highest possible value. Our mirrors come with a CRI of 90+, which means the light they provide will be extremely accurate.

**High-Quality Polished Edges**

When you inspect your Made-to-Order LED Mirror, you will find the edging and finishing to be perfect without chips or imperfections. These attractive polished edges have the added benefit of being easy to clean.

**Anti-Corrosion Finishes on all Parts**

We use stainless steel parts to ensure that the mirror will not rust internally and the hanging mechanism is cured with our patented epoxy resin. The resins are tested by CSA laboratories to ensure that the curing is strong enough to support the mirror’s weight. Our light fixture (chassis design) features welded corners and a scratch resistant matte white finish. This high-end finish looks and feels more refined than standard gloss finishes.

**How to Control a Made-to-Order LED Mirror**

The Made-to-Order Collection LED Mirrors must be hardwired directly to a light switch or dimmer control to operate them. To ensure proper compatibility, contact a WarmlyYours representative and they’ll be glad to help you right option.

**Custom Shipping Crates**

These mirrors are shipped in customized crates to ensure maximum protection in transit. Please note that due to their custom nature, you’ll need to allow for between 10 and 15 business days for these items to ship.

LAVA® Mirror

The LAVA® Mirror is the ideal addition to a bathroom with its dual-purpose technology. These panels can be fixed to a wall horizontally or vertically and the hardwired installation (120V) presents a streamlined look without visible wires or cords. The LAVA® Mirror panels come with an industry-leading 5-year warranty.

- Can be mounted horizontally or vertically
- 3-in-1 Technology: A Mirror Defogger, Towel Warmer (with accessory added), and a Heating Element
- Beautiful accent for any bathroom as a replacement for a traditional mirror

Find the perfect accessory for your LAVA® or Ember® radiant panel.
We’re here to help you choose the right accessory for your radiant panel. If you have any questions, speak to a radiant heating expert at WarmlyYours.com/contact or call us at 800-875-5285.

**INTEGRATION-KIT-120V**

**LAVA® Third-Party Control Integration Kits**

$99.00

WarmlyYours’ integration kits enable energy-efficient operation of floor-heating systems with a stand-alone thermostat, such as the Nest thermostat. The WarmlyYours technical support team can help you determine the right option for you.

- Smart thermostats allow you to operate your thermostat from anywhere
- Thermostats are not included in integration kit purchases

**IP-EM-ACC-BAR**

**Ember® Towel Bars**

$59.00

Vertically mounted Ember® panels can be converted into towel warmers by adding towel bars. These towel bars are made of anodized aluminum, which adds an upscale yet lightweight touch to the already elegant radiant panels.

- Made of anodized aluminum
- Two bars are permitted for each Ember® unit

**INTEGRATION-KIT-120V**

**LAVA® Towel Bar**

$199.00

Turn your radiant panel into a towel warmer with towel bar accessories. Both rounded and flat towel bars are available for use with LAVA® radiant panels.

- Two bars are permitted for 250- and 500-watt units; three bars are permitted for 750-watt units; and four bars are permitted for 1,000-watt units
- Available in flat or round polished stainless steel finish
Mirror Defoggers

ClearlyYou™ Mirror Defoggers

The ClearlyYou™ Mirror Defoggers are sold directly by WarmlyYours and Authorized Retailers.

Shop the collection at WarmlyYours.com/mirror-defogger
Say goodbye to foggy mirrors with a WarmlyYours ClearlyYou™ Mirror Defogger. Designed to gently heat the mirror’s surface, these defoggers prevent moisture from forming while you bathe or shower. With a self-adhesive backing, your ClearlyYou™ Mirror Defogger can be attached to any wall-hung mirror in just minutes. To order, visit WarmlyYours.com/mirror-defoggers or call us at 800-875-5285.

Less than 0.025 in.

### Voltage

Comes with a step-down transformer which converts the 120 VAC input voltage to 24 VAC.

### Warranty

3 Years for heating element, 2 Years for controls/accessories

---

**Custom Countertop Heaters**

WarmlyYours also offers custom countertop heating solutions for either indoor or outdoor applications.

Like the standard heaters, our custom indoor countertop heaters are designed to adhere directly to the underside of the countertop. These custom-sized mats are ideal for overhangs on bars, islands and peninsulas, or anywhere that elbows rest.

Our outdoor custom countertop heaters are also made-to-spec but must be "sandwiched" between a substrate and the stone countertop itself when installed. This means that the ideal time to incorporate them is when you are building a new outdoor kitchen or bar.

For more information, contact a radiant heating expert at WarmlyYours.com/contact or call us at 800-875-5285.
Find the perfect control for your hardwired towel warmer or radiant panel.
We’re here to help you choose the best control for your towel warmer or radiant panel. If you have any questions, speak to a radiant heating expert at WarmlyYours.com/contact or call us at 800-875-5285.
