

# Grande 10 Towel Warmer

## Hardwired 120 VAC

*The Grande 10 Towel Warmer is the ultimate transitional masterpiece for the modern bath. Featuring ten perfectly spaced flat bars in a classic ladder layout, this premium series is engineered to deliver high-capacity heating with a timeless, balanced aesthetic. Designed exclusively for professional hardwired installation, the Grande 10 mounts completely flush to your wall with no visible cords or cover plates, providing a clean, architectural finish that coordinates beautifully with any design style.*

MODERN 10-BAR FLAT LADDER DESIGN

THREE FINISHES

**Polished Stainless Steel**

**Matte Black**

**Brushed Stainless Steel**

*Available in three premium finishes—including our bold, contemporary Matte Black—the Grande 10 combines high-performance heating with advanced TempSmart safety technology. Experience the daily luxury of a perfectly warm towel, wrapped in sophisticated, flat-bar design.*

PRODUCT FEATURES

# Features

*The Grande 10 Towel Warmer merges a striking, flat-bar architectural silhouette with advanced radiant engineering to elevate your daily routine. Every detail is meticulously designed to deliver high-output heating performance, family-friendly safety, and a seamless, cord-free wall integration.*

## High-Capacity 10-Bar Flat Grid

Symmetrical and spacious. The Grande 10 features ten horizontal flat bars arranged in a classic ladder layout, providing ample space to hang and dry multiple large bath towels and robes simultaneously.

## Premium 304 Stainless Steel

Built to last a lifetime. Crafted from high-grade 304 stainless steel, the Grande 10 is naturally resistant to rust, corrosion, and moisture, making it ideal for high-humidity bathroom environments.

## TempSmart Safe-Touch Heating

Engineered for family-friendly safety. Built-in TempSmart technology automatically regulates the surface temperature, preventing the unit from overheating while maintaining a safe, consistent warmth.

## Seamless Hardwired Integration

Designed for a flawless finish. The hardwired connection routes directly through the mounting bracket and inside the leg, eliminating the need for an unsightly wall plate or exposed cords.

## High-Output Radiant Warmth

Engineered for rapid heating. Delivering up to 210 Watts of power, the Grande 10 provides deep, penetrating warmth that quickly dries and heats even the thickest, most plush luxury towels.

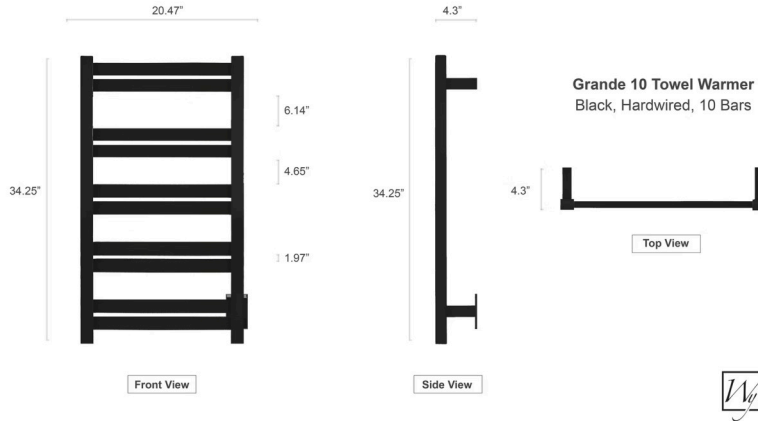

## Eco-Friendly Efficiency

Indulge in daily luxury without the high energy bill. Operating with exceptional efficiency, the Grande 10 uses less electricity than a standard light bulb, costing only pennies a day to run.

CONTROL OPTIONS

SMART HEATING

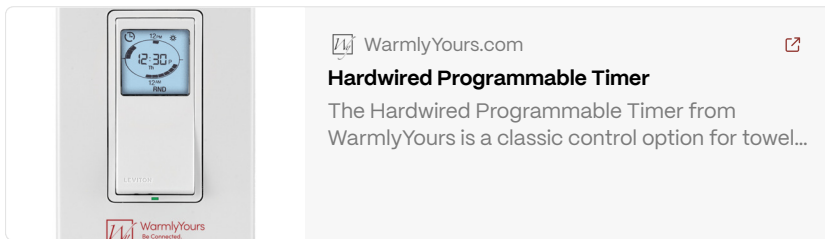

## Towel Warmer Control Options

Enhance your daily ritual with effortless control over your towel warmer. Whether you prefer the simplicity of a manual switch or the sophistication of smart home integration, our range of control options ensures your towels are perfectly warm, exactly when you need them.

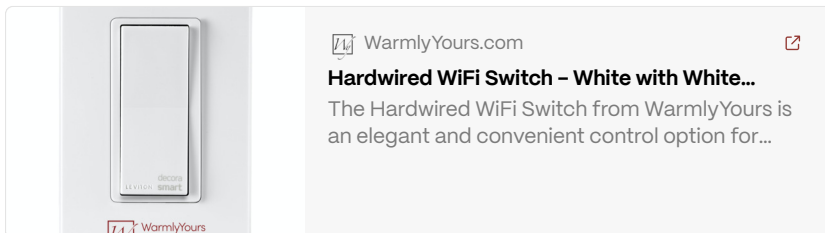

Simple timer, no programming. Select one of four preset countdown durations (30 min, 1 hr, 2 hr, 4 hr) — the warmer shuts off automatically.

**GK16-30090-0006 | \$69**

Scheduled daily heating. Program up to 50 on/off events on a 7-day schedule with a backlit LCD display.

**GK16-30090-0002 | \$89**

Smart home & voice control. Control remotely via the My Leviton app. Compatible with Amazon Alexa and Google Assistant — no hub required.

**GK16-30090-0003 | \$109**

 Hardwired controls are compatible with hardwired installations only. For plug-in installations, contact us for plug-in timer options.

## 4 Simple Steps to Install

*Installing the Grande 10 is a clean, straightforward process designed for professional integration. Because it is a dedicated direct-leg hardwired model, these four simple steps will guide your licensed electrician to complete a flawless, cord-free installation.*

### Plan Your Location

Determine the ideal wall location for your Grande 10. Ensure there is a 120 VAC power source nearby. Your electrician will rough-in the electrical wiring to the exact mounting leg location.

### Complete the Electrical Connection

Have a licensed electrician route the power cable directly through the designated hollow mounting bracket and complete the wiring inside the mounting leg. No cover plate or external junction box is required.

1

2

### Install the Mounting Brackets

Using the included template, mark and drill the mounting points. Secure the heavy-duty wall brackets to the wall studs or use appropriate high-strength anchors.

3

4

### Secure & Power On

Slide the towel warmer onto the brackets and tighten the hidden set screws to lock it in place. Turn on the power at the breaker and enjoy the seamless, modern warmth of your Grande 10.

ORDER INFORMATION

## How to Order — It's Easy!

*Choose your perfect finish and elevate your bathroom design today! The Grande 10 is available in three premium finishes, all featuring a dedicated hardwired connection for a flawless, architectural look.*

1

### Step 1: Choose Your Finish

Select Brushed Stainless (TWS6-GRD10BH), Polished Stainless (TWS6-GRD10PH), or Matte Black (TWS6-GRD10KH) to perfectly match your bathroom's fixtures and design aesthetic.

2

### Step 2: Coordinate Your Electrician

Since the Grande 10 is a dedicated hardwired model, schedule a licensed electrician to rough-in the 120 VAC power line to your desired mounting location before your unit arrives for the smoothest installation experience.

3

### Step 3: Order & Enjoy

Place your order through your WarmlyYours Dedicated Account Manager. Once installed, your Grande 10 will deliver rapid, energy-efficient warmth to your towels every single day.

 **INSTALLER NOTE: Power connects directly inside the mounting leg. Do not rough-in an electrical junction box at the mounting location.**
