

# Digital Mega Ohm Tester Use Agreement

The Digital Mega Ohm Tester is a measuring device that tests high electrical resistances. These measurements are made on electrical wires to test the insulation value of the wires. During the process of laying and installing the heating product, it is the responsibility of the electrician to use a 500 VDC Mega Ohm Tester for testing all heating wires out-of-the-box and after installation. The multi-meter is used to continuously check the Heating Cables that are being worked on top of, to ensure they are not being damaged.

**Working with electricity always presents a risk of electrical shock which can result in personal injury. Caution should be taken against such risk when operating the Digital Mega Ohm Tester. Only a qualified electrician should operate the Digital Mega Ohm Tester.**

### Conditions of Use:

1. The Digital Mega Ohm Tester is loaned for a period of 14 days. Rental fee is \$50.00
2. WarmlyYours will charge the cost of the Digital Mega Ohm Tester device (\$300.00 plus applicable taxes + shipping) to the credit card provided, until the device is returned.
3. WarmlyYours will charge for shipping and handling to deliver the Digital Mega Ohm Tester to the customer and for its return to WarmlyYours. Shipping methods and costs are listed below. Customer is responsible for these charges.
4. Upon the timely return of the Digital Mega Ohm Tester device, WarmlyYours will refund the amount charged on the card provided within 5 business days, minus \$50.00 rental fee + shipping.
5. If the Digital Mega Ohm Tester has not been returned within 30 days, no refund will be given and it is understood that the person indicated below has taken ownership of the Digital Mega Ohm Tester.

\*Clients with Net 30 terms will be invoiced for the Digital Mega Ohm Tester device (\$300.00 plus applicable taxes+shipping) and must include P.O. # below. WarmlyYours will reverse the charge on the account when the device is returned, provided it is returned within the above guidelines, minus shipping + rental fee.
