

Mysa WiFi Programmable Thermostat

The premiere WiFi Smart Thermostat for Electric In-Floor Heating and Hardwired Radiant Panels

Core Components

Mobile App

Adjust your home heating from anywhere on your Android or iOS device.

Smart Home

Control Mysa through your favorite smart home platforms and home assistants.

Thermostat

Mysa displays the floor temperature, and the touch buttons allow you to adjust it.

Features

Scheduling

Use the app to set a schedule for your thermostat in less than a minute.

20-Minute Install

With an easy to follow step-by-step install guide right in the app, you'll be up and running in no time.

Vacation Mode

Going on vacation? Mysa will save energy while you're away.

Geolocation

Mysa uses your location to detect if anyone is home, so that you're not paying to heat an empty house.

Energy Reports

Mysa generates in-depth energy reports so you can see how much you are spending - and saving.

Shared Access

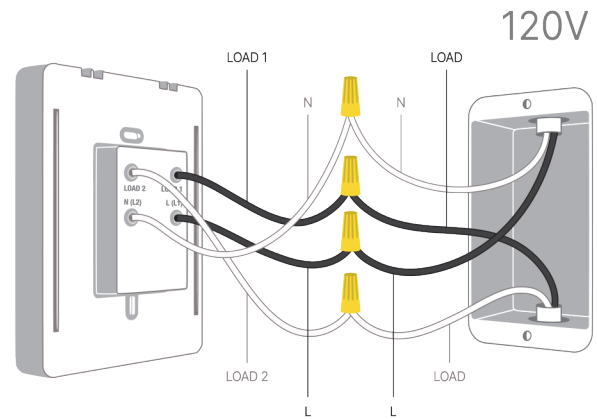

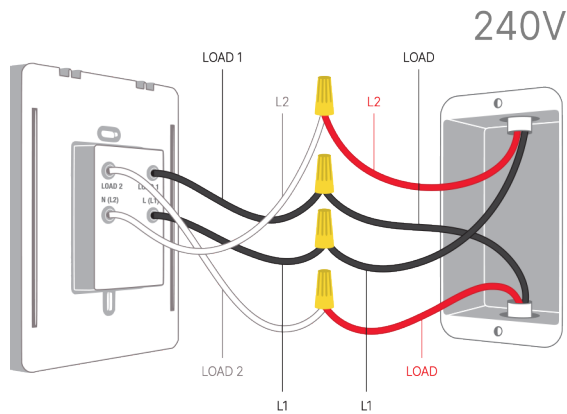

Share access to your account easily so others can control your Mysas through the Mysa app.

WarmlyYours

Be Connected.
Be Warm. Be Radiant.
