

# Sierra

## Hardwired Model

The Sierra Towel Warmer adds luxury and defines your style. With a modern, geometric look and polished stainless steel finish, it is ideal for bathrooms with a sleek, contemporary look.

Sierra's eight flat bars perfectly accommodate two bath towels or a bathrobe. Hardwired and wall-mounted, it includes a built-in on/off switch as well as a programmable timer, offering the convenience of presetting the towel warmer to turn on and off according to your schedule.

## Specifications

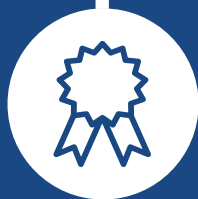

Dimensions	23 5/8"W x 31 1/2 "H
Weight	11 lbs (5 kg)
Finish	Polished Stainless Steel
Volts	120
Watts	150
Control	Programmable Timer or WeMo Wi-Fi Switch

Hardwired Model

**24/7**  
Installation Support

2 Year Warranty

Available with the  
Belkin WeMo  
Wi-Fi Switch

## Smart Controls

The Sierra includes a programmable timer control or WeMo WiFi Switch control. The Honeywell programmable timer enables users to schedule when their electric radiant heating devices should turn on and off.

The WeMo WiFi Switch allows users to turn their hard-wired devices on or off — or even set schedules for them — using a mobile device.
